TALENT 4 TOMORROW PARTNERSHIP

SARASOTA COUNTY HAS DONE IT AGAIN! For the second year in a row, our district has been the state for completion rates of the FAFSA after application for federal student loans.

Through local efforts made by the Talent4Tomorrow Partnership, conceived by The Greater Sarasota Chamber of Commerce, 88.2% of Sarasota County high school seniors have completed FAFSA. This is a 1% change over the previous application year, which equates to an estimated additional \$113.186 in Pell Grants awarded to Sarasota County students. Additionally, students in Sarasota County earned the following honors:

- Sarasota County Schools — "MVP for Large School District" Highest FAFSA completion rate through March 31st, 2019
- Manatee High School — "Biggest Street for Large Schools" Largest week to week change in percentage of students completing the FAFSA
- "All Stars" — Achieving an increase of FAFSA completion by least 5% over last year: Sarasota County School District, Russett Professional High School, Sarasota Military Academy, Booker High School, Venice Senior High School, Sarasota High School, North Port High School, Riverview High School

Talent4Tomorrow is a community collaboration comprised of CareerEdge Funders Collaborative, Education Foundation of Sarasota County, The Greater Sarasota Chamber of Commerce, Sarasota County Schools, Okaloosa, and United Way Sarasota. The partnership seeks to increase career awareness and postsecondary attainment through increased college and career awareness, inspiration, and affordability initiatives. The Seed & Nurture Partnership spent several months planning and executing FAFSA awareness and support activities, including FAFSA completion assistance during community- and school-based events.
